# Yashasvi Baweja

## Machine Learning/Research Engineer

Portfolio: [yashasvi97.github.io](https://yashasvi97.github.io)  
[github.com/yashasvi97](https://github.com/yashasvi97)  
[linkedin.com/in/yashasvi-baweja](https://linkedin.com/in/yashasvi-baweja)

I'm a deep learning enthusiast interested in working on projects that create impact by leveraging applied ML research.

### SKILLS

<b>Tools and Languages</b>	Python, Git, $\LaTeX$ , Markdown, Bash, C/C++, HTML, Vim, SLURM
<b>Deep Learning Research</b>	PyTorch, Tensorflow, NumPy, pandas, IPython, OpenCV, Tensorboard
<b>Coursework</b>	Machine Learning for Signal Processing, Computer Vision, Advanced Machine Learning, Statistical Machine Learning, Database system fundamentals, Systems Management, Systems Administration

### EDUCATION

<b>Master of Science in Electrical &amp; Computer Engineering</b> , Johns Hopkins University	May 2022
<b>Bachelor of Technology in Computer Science</b> , Indraprastha Institute of Information Technology, Delhi	May 2019

### EXPERIENCE

<b>Research Intern / fMRI super-resolution</b> <i>Neuro-Radiology, Johns Hopkins Medicine</i>	<b>May 2021 — Sep 2021</b> <i>Baltimore, MD</i>
<ul style="list-style-type: none"><li>Enhanced activation maps for fMRI brain scans using Convolutional Neural Networks(CNNs)</li><li>Trained UNet(ResNet-34) architecture across cross platform (CPU/GPU) nodes using PyTorch</li><li>Achieved 20% gain in PSNR values over nearest-neighbor approach. Abstract submitted to RSNA</li></ul>	
<b>Graduate Researcher / Face Anti-Spoofing</b> <i>Vision(ECE) Lab, JHU</i>	<b>Aug 2019 — May 2021</b> <i>Baltimore, MD</i>
<ul style="list-style-type: none"><li>Addressed challenge of detecting spoofs in face authentication videos by deploying one class neural networks</li><li>Proposed a CNN training framework with only real face data while detecting spoofs as anomalies</li><li>Attained 6% reduction in error rate for four publicly available datasets. Published research at IJCB, 2020</li><li>Extended research to incorporate local information in videos by employing vision Transformers</li></ul>	
<b>Software Developer / Personalised greeting system</b> <i>Infosys Center for AI, IIITD</i>	<b>May 2018 — Sep 2018</b> <i>New Delhi, India</i>
<ul style="list-style-type: none"><li>Led R&amp;D team in building face recognition system for Yamaha Research(Japan)</li><li>Shipped final product deliverable ready for deployment in golf carts for personalized greetings</li></ul>	
<b>Undergraduate Researcher &amp; Developer / Periocular Recognition</b> <i>Image Analysis &amp; Biometrics Lab, IIITD</i>	<b>Aug 2017 — May 2019</b> <i>New Delhi, India</i>
<ul style="list-style-type: none"><li>Developed a novel loss for training CNNs in presence of data from different modalities</li><li>Extended Triplet Loss by adding two branches(spectrum/resolution) to account for heterogeneity</li><li>Achieved State-of-the-art for periocular recognition and published research at BTAS, 2018</li></ul>	
<b>Research &amp; Development Intern / Landslide prediction system</b> <i>IIT Mandi</i>	<b>May 2017 — Sep 2017</b> <i>Mandi, India</i>
<ul style="list-style-type: none"><li>Built the first landslide prediction prototype at IIT Mandi using Arduino microcontroller</li><li>A decision tree based model predicted the probability of landslide at logging location</li><li>Compared multiple class-imbalance mitigation techniques for the task of landslide prediction</li></ul>	

### TEACHING

Teaching Assistant for Compressed Sensing	2022
Teaching Assistant for Computer Vision, Systems Management	2019, 2018

### PUBLICATIONS

- Anomaly detection-based unknown face presentation attack detection**, Y. Baweja, P. Oza, P. Perera & V. M. Patel; at *International Joint Conference on Biometrics(IJCB)*, 2020
- Heterogeneity aware deep embedding for mobile periocular recognition**, R. Garg\*, Y. Baweja\*, S. Ghosh, R. Singh, M. Vatsa & N. Ratha; at *Biometrics: Theory, Applications and Systems(BTAS)*, 2018
- Comparison of Class Imbalance Techniques for Real-World Landslide Predictions**, K. Agrawal, Y. Baweja, (+8 authors) & V. Dutt; at *International Conference on Machine Learning and Data Science(ICLMDS)*, 2017

### ACTIVITIES & AWARDS

Recipient of virtual registration waiver award for CVPR	2022
Reviewer for IEEE Transactions on Image Processing	2022
Top 3 awardee for best presentation at IJCB, 2020	2020
Recipient of Graduate Student Fellowship, ECE department	2019
